About E-Summit

E-Summit is the flagship Event of Entrepreneurship Cell MANIT, aimed at fueling the entrepreneurial spirit in the students, helping start-up founders, and educating the inquisitive minds to create an innovation driven start-up culture. We aim to bring together the academic community, venture capitalists, new-age entrepreneurs and all those passionate about making a difference to common grounds and to give a chance to the students to exhibit and develop their entrepreneurial talent and creativity through various business related games, workshops, guest lectures and competitions; and to create an environment for everyone to learn and grow.
